Our database contains more than 36,000 doctors, both specialists and non-specialists, as well as other healthcare professionals from Scandinavia and the rest of Europe. Our extensive network makes us highly effective in finding the right candidate to meet your requirements.

We recruit mainly from Scandinavia and other EU countries. Our solutions are very flexible and competitive.

For candidates to become active in our database they must be approved by our quality control program which consists of the following criteria:

- Review of CV
- Interview
- Verification of professional registrations
- Personal references
- Health declaration and criminal record check, when applicable

We keep a constant dialogue with our candidates who are systematically evaluated. Therefore you are guaranteed a competitive and good candidate.

We offer all recruited candidates the following:

- Web based introduction seminar co-ordinated with our customer, which ensures a well informed and productive candidate
- 24 hours telephone support for emergencies that cannot be solved on site

Who is Medpro?

Founded in 2008, Medpro is one of the leading recruitment companies within the UK.

Medpro is an ISO certified organization and a member of REC.

Our mission is to create "The Medpro Comfort Zone" by providing solutions for the various challenges within the healthcare sector and to offer high quality candidates new work opportunities.
